Canadian Human Rights Tribunal Hearing

On Canada 150,

Dear Prime Minister Trudeau,

**150 years is too long to wait for equity for First Nations children.**

Please do the right thing! Comply with the Canadian Human Rights Tribunal's legally binding decisions to end discrimination against First Nations children and families and fully implement Jordan's Principle.

First Nations young people should not have to fight for services all other kids enjoy! Give First Nations children the same chance to grow up safely at home, get a good education, be healthy, and proud of their cultures.

Signed,
